Summary

Finance professional with 10+ years of experience across Accounts Payable, P2P, Finance Operations, Cost Control, and manufacturing environments. My experience goes beyond traditional Accounts Payable, covering supplier accounting, end-to-end P2P operations, payment planning, vendor reconciliation, manufacturing finance, WIP, outsourced operations, and cost analysis. I work closely with Procurement, Planning, Warehouse, Production, and Finance teams, supporting performance evaluation, KPI reporting, operational analysis, and process improvement. In my current role, I manage 250+ active suppliers, process approximately 600–750 supplier invoices monthly, and supervise and train a team of 3 AP accountants. I also support procurement activity, together with VAT/WHT compliance, internal controls, SOP development, month-end closing, and audit support. Core Areas: Finance Operations | P2P | Supplier Accounting | Cost Control | Manufacturing Finance | WIP | Outsourced Operations | Procurement | Planning | Warehouse | KPI Reporting | Team Leadership I am interested in opportunities where I can combine my financial and operational experience to improve processes, strengthen financial control, optimize costs, and support better business decisions.
